Waterproof IP68/Shockproof
Big torch
microSDHC card

EVOLVEO StrongPhone Z1

WATERPROOF RUGGED PHONE WITH LARGE FLASHLIGHT

This phone is for all those customers who expect their phone to endure far more than the ordinary phones available in today's market. It doesn't matter if you are outside, at a construction site, being athletic, in a workshop or on the mountain trip, this phone will never disappoint you! Highly rugged rubberised body makes the phone a reliable tool for intensive daily use.

At the same time, it offers an option of having two active SIM cards, a flashlight and a high-capacity battery providing enough power for a long operation on a single charge.

Built-in Flashlight

Extremely powerful flashlight is controlled by a dedicated button on the side of the phone. It delivers significantly more light compared to common mobile phone flashlights.
